Mr. Chris Jennions
Project Manager
Bechtel-ENKA General Partnership
Pejton, Str. "Mujo Ulqinaku", 5/9, 4th Floor
Pristina 10000

Dear Mr. Jennions:

Congratulations! **Engineering News-Record** is pleased to recognize your project, Kosovo Motorway Project (Sections 1,2,3 & 4a), as part of ENR's inaugural Global Best Projects competition. It was selected as the Best Project in the Roads/Highways category. The competition honors construction and design excellence of the past year across the globe.

The 2013 Global Best Projects winners were chosen by an independent seven-member jury of industry professionals with extensive global experience. Criteria included safety, innovation, contribution to the global community, aesthetic quality and workmanship, with special emphasis on how globally diverse the project team was.

We invite you to come celebrate all the amazing projects during the **ENR 2013 Global Construction Summit** on June 6-7, 2013 in New York, New York. The entire project team will be acknowledged during an awards dinner on June 6, and an award statuette will be presented to the submitter of the project. The projects also will be featured in the pages of the June 3rd edition of ENR. You can register for the event and the dinner at <http://www.construction.com/events/2013/globalsummit/register2.asp>

We are thrilled with the caliber of the winners in this first year of the competition, and we are delighted to celebrate the many positive achievements of the past year. We want to thank you for your submission and congratulate you once again on your accomplishment.

We hope to see you in New York on June 6th!

Sincerely yours,

Janice Tuchman

Cc: S. Gatley (Bechtel Enka General Partnership)
