2.5. DIVIDEND RIGHT

The Profit Distribution Policy of ENKA İnşaat ve Sanayi A.Ş. which has been approved at the General Assembly held on March 27, 2014 is as follows:

The Board of Directors of ENKA İnşaat ve Sanayi A.Ş. ("the Company") takes into account the performance of the Company of that year, economic conditions, the finalized projects, investments and the cash flow of the Company as well as Turkish Commercial Code, the relevant articles of Capital Markets Law, regulations and the practices of the Capital Market Board when presenting the profit distribution proposal to the General Assembly.

The principal policy adopted and applied by the company in aspect of profit distribution is to act always in compliance with the applicable criteria as provided in the Capital Markets Legislation while considering a fair balance between the interests of the Company and that of the shareholders thereof. In this manner, at least 20% of the distributable profit which is calculated in accordance with the Capital Markets Board regulations and other relevant legislation is distributed as cash and/or bonus shares.

Under the framework determined by profit distribution policy and the Capital Markets Board, after reserving the 1st dividend pursuant to the provisions of Article 36 of the Articles of Association, dividends are distributed to the Bonus Certificate holders as per the rate stated in the Articles of Association (total 7.5%).

Dividends are distributed equally at once to all existing shares as per their rates regardless of date of issuance and acquisition dates. Distribution of cash dividends is planned to be paid no later than one month after the General Assembly where the date of dividend distribution is resolved by the General Assembly.

The place and date of the profit distribution, agreed upon during the General Assembly in accordance with the relevant legislation provisions, is announced to the shareholders through the Public Disclosure Platform and by the announcement on the website of the Company.

The Board of Directors may distribute dividend advance if it is authorized by the General Assembly as well as in compliance with the regulations of the Capital Market. The authorization given to the Board of Directors by the General Assembly is limited with that year in which the authorization is given.

The distribution of profit, which takes place in the Annual Report, is made within the period required by the provisions of the Capital Market Law, as set forth in the Profit Distribution Policy. Until this day, profit distributions have been done without any delays.

Further to the power vested in the Board of Directors by the Ordinary General Assembly for year 2014 held on March 27, 2015, the Board of Directors resolved to distribute, starting from November 11th, 2015, a total of 280,000,000 TL from the amount that remains after deduction of the relevant reserves as required, pursuant to the provisions of the Turkish Code of Commerce and the Articles of Association, to be set apart from the net profit of the current period as indicated on the financial statements comprising the interim period from 01.01.2015 to 30.09.2015, as Dividend Advances at a rate of 7.00% gross and 5.95% net per share, to the holders of share certificates. Additionally, at the Ordinary General Assembly Meeting held on March 29, 2016, regarding the distribution of the year 2015 profit, it has been resolved to distribute TL 320,000,000 cash dividend and by taking into account the legal status of the shareholders to distribute 8.00% gross and 7.10% net dividend to the shareholders representing the 4,000,000,000 TL equity and to distribute the cash dividend starting from April 20, 2016 and to add 200,000,000 TL which will be distributed as shares dividend, to the share capital of our company and therefore to increase the share capital by 200,000,000 TL in total to 4,200,000,000 TL, and the share capital was increased on May 23, 2016.

Further to the power vested in the Board of Directors by the Ordinary General Assembly for year 2015 held on March 29, 2016, the Board of Directors resolved;

- to distribute starting from September 28th, 2016, a total of 140,000,000 TL from the amount that remains after deduction of the relevant reserves as required, pursuant to the provisions of the Turkish Code of Commerce and the Articles of Association, to be set apart from the net profit of the current period as indicated on the financial statements comprising the interim period from 01.01.2016 to 30.06.2016, as Dividend Advances at a rate of 3.33% gross and 2.83% net per share, to the holders of share certificates representing the share capital amounting to 4,200,000,000 TL.
- to distribute starting from December 14th, 2016, a total of 140,000,000 TL from the amount that remains after deduction of the relevant reserves as required, pursuant to the provisions of the Turkish Code of Commerce and the Articles of Association, to be set apart from the net profit of the current period as indicated on the financial statements comprising the interim period from 01.01.2016 to 30.09.2016, as Dividend Advances at a rate of 3.33% gross and 2.83% net per share, to the holders of share certificates representing the share capital amounting to 4,200,000,000 TL.

The Human Resources and Administrative Affairs Manager Ceyhun Tutkun has been working as a representative of ENKA, for coordination and relation between the employer and employees of the company. The company did not receive any complaint about any kind of discrimination

4.3.2. HS&ES POLICY

A “Zero Accident” policy is both a goal and an achievement at ENKA. The company implements its comprehensive Health and Safety & Environment and Social Responsibility (HS&ES) policy to protect all employees and associates working at ENKA offices, construction sites and related facilities. It includes protection from every kind of pollution, hazard and accident that may result from its business. HSE Management System is based on the standards of the ISO 14001 Environmental Management System and the OHSAS 18001 Occupational Health and Safety Management System.

It is clearly understood by all levels of the company that the HS&ES policies are core company values and this management system is managed in five steps:

- Setting HS&SE policies
- Planning
- Implementation
- Measuring / monitoring the performance
- Auditing & Management Review

ENKA will always have a comprehensive HSE training program to increase awareness of safety, to teach safer working practices and to promote environmental adherence. In the ENKA’s HSE Manual all roles and responsibilities of the individuals in the organization are clearly defined to promote a positive HSE culture.

All managers demonstrate a clear commitment to the HS&ES policies to establish and implement a discipline procedure and an award program to run the HSE management system more effectively.

Monitoring is essential to maintain and improve HSE performance. ENKA believes that proactive monitoring, which oversees the achievement of plans and the extent of compliance with standards before an accident, incident, illness or environmental leakage occurs, is a key factor in HSE performance.

Auditing and reviewing provide considerable improvements on HSE corrective actions by managing risks through lessons learned from past experiences. Internal and external audits are continually performed.

Health, safety and environment are, in fact, its highest priority. ENKA recognizes and acknowledges the importance of achieving world-class performance with respect to the protection of HSE on every project as an integral part of its organizational culture.

All personnel are encouraged to actively engage in all the HSE programs and every conceivable effort is made to provide all the necessary training and development to enforce the project requirements to attain its “Zero Accident” goals.

Health and Safety Policy Statement

Our company is proud that safety and health management is its highest priority in all activities.

The management of ENKA believes that all accidents are preventable. This is achievable through our desire for continual improvement and our dedication to the Zero Accident Policy.

All employees are expected to be accountable for their own actions and shall execute their work in a safe and healthy manner, protecting the environment and property. This expectation is communicated to all people involved in all projects including, but not limited to, ENKA’s own workforce, joint venture partners’ employees, subcontractors and suppliers.

Preventative measures and the elimination of potential hazards are of the utmost importance for the safety of all employees, visitors and the public in general. By this means, our policy is to provide a safe environment for our own workers and subcontractors on all projects.

We commit to comply with the requirements of all applicable Health, Safety and Environmental (HSE) legal and other requirements, and we expect every employee to uphold the applicable requirements in the countries in which they operate.

The protection of health and safety is given the highest priority throughout all project phases, from tendering, front-end engineering through construction and commissioning, ending with demobilisation and reinstatement.

Our project management teams put into place clear and effective Project HSE programs to implement this policy.

The foundation of this goal is having a workforce and management;

- Well informed, motivated and committed to achieve the Zero Accident Target,
- Embraced the philosophy that no job or task is so important that cannot take the time necessary to do it safely.
- Upholding the virtue of protecting and keeping the environment in its original state, or making it better.
- Being sensitive, conscious, responsible and proactive with regard to all hazards.

All employees have the responsibility to take the required action - within their authority - to implement the Project HSE program. This responsibility includes eliminating potential hazards, or reporting potential hazards to their immediate supervisor, and contributing to and supporting the implementation of safety precautions

Environment and Social Responsibility Policy

ENKA is committed to maintaining a conscientious attitude to the environment by using all available and relevant knowledge to identify and eliminate or minimise environmental impacts which may arise from construction activities in all countries of operation.

Starting from the business development stages, through the tendering, front-end engineering, mobilisation, construction and commissioning, ending with demobilisation and reinstatement, all activities shall be performed with due consideration given to environmental impact and related aspects.

The management of ENKA shall provide all necessary resources to establish and implement environmental management systems as required by assigning responsibilities, authorising respective persons and fostering environmental awareness amongst all personnel.

ENKA aims to create environmental awareness in all of its employees and to continuously increase awareness towards the environment and to promote conservative usage of natural resources. To realise this aim, its environmental management philosophy is based on the continual improvement and implementation of preventative and corrective activities as a natural behaviour of all employees.

With this aim, ENKA is:

- Complying with the environmental laws and regulations applicable in the countries of operation, and other requirements associated with environmental aspects of our activities.
- Using natural resources economically.
- Mitigating environmental impacts through effective waste management.
- Reducing the risks of emergency.
- Fostering environmental awareness of all employees.
- Meeting the requirements of the ISO 14001 Environmental Management System and providing the necessary resources.

All our employees are responsible for supporting and assisting in establishing, implementation and continual improvement of Environmental Management System. During the period, no action has been brought against the company for damages to the environment.

4.3.3. QUALITY POLICY

These features are achieved and successfully integrated into the quality management system by utilizing the site-based management and process approach which includes:

- Understanding current and future customer needs, meeting with customer requirements and striving to exceed customer expectations
- Leadership to establish unity of purpose and direction to create and maintain the internal environment in which ENKA employees can become fully involved in achieving the company's objectives
- ENKA members, at all levels, are the essence of ENKA organization and their full involvement enables the usage of their abilities for ENKA's quality achievement
- Management of activities and related resources as a whole process to achieve the desired results more efficiently
- Identifying, understanding and managing interrelated processes as a system which contributes to the ENKA's effectiveness and efficiency in achieving ENKA's quality objectives
- Continuous improvement of ENKA's overall performance as a permanent objective of ENKA organization
- Effective decisions based on the analysis of data and information
- Mutually beneficial relationships with suppliers to create value.

On each project undertaken, ENKA is paying attention to;

- Protect human beings and the environment
- Complete its tasks at the highest quality standards
- Complete each work contracted by the client before the end of the specified completion period
- Establish long-term collaboration with clients
- Treat client satisfaction as a priority matter.

In order to effectively fulfill its obligations towards its suppliers and subcontractors as a natural part of its services, ENKA pays utmost attention to:

- Establish long-term collaboration with reliable suppliers/subcontractors,
- Fulfill its agreement obligations towards the reliable suppliers/subcontractors who fulfill their responsibilities.

ISO 9001:2008 Quality Management System is used as an important tool for the continuous assurance and improvement of ENKA's Quality Management System. By way of closely monitoring the process performed, the certification body of British Standard Institution performs periodical audits for the continuation of the validity of the ISO 9001:2008 certificate.

All employees do have an access to ENKA Quality Manual, which has been prepared by the Corporate Quality Management Department, on Electronic Document Management System. All Projects shall delineate their projects' quality programs in their Project Quality Plans to be prepared based on ENKA's Quality Manual.

In addition to the ISO Certification, ENKA's Quality Assurance Program for performing construction, including engineering design, procurement, quality control, contracting, fabrication or installation, as applicable complies with the ASME Boiler and Pressure Vessel Codes. The following ASME certification marks, which is regarded as the hallmark of acceptance and certification, is used to indicate that the stamped item(s) conform to the latest edition of the ASME Boiler and Pressure Vessel Codes on respective projects.
