

# SOCIAL RESPONSIBILITY AT ENKA

## ENKA VOLUNTEERS

The ENKA Volunteers platform, which was established in 2018 with the purpose of enabling employees to contribute to solutions for social and environmental problems, continued its activities in 2019. Through the volunteering projects determined by the ENKA Volunteers Executive Committee, ENKA Volunteers have continued to create social and environmental value while developing their own knowledge and social skills.

All across the ENKA group, employees who want to participate in volunteering projects have the right to use one day of volunteering leave each month.

**ENKA Volunteers have carried out a total of 1,200 person-hours of volunteering activities in 2019.**

## 2019 SOCIAL RESPONSIBILITY PROJECTS

### ENKA İNŞAAT

#### FOOD DISTRIBUTION PROJECT

On May 22, 2019, ENKA Volunteers carried out a food distribution project in Taksim (İstanbul) together with the Çorbada Tuzun Olsun Association, which carries out activities to raise awareness about homeless people, provide them with basic needs and help them reintegrate with society and social integration. Not only did ENKA Volunteers distribute food as part of the project, but they also had the opportunity to communicate with homeless people who have been pushed outside of society, so as to help reintegrate them with society.

#### MATERIAL ASSESSMENT WORK

ENKA Volunteers carried out sorting, cleaning, ironing and packaging work at Octopus Volunteers Association's Material Assessment Centre on July 26<sup>th</sup> in order to make second hand clothing, shoes, books and toys reusable for those in need and packed the materials to make them ready to transport.

#### MECHANICAL HANDS FOR CHILDREN

Turkey Robotel Team provides free mechanical hands made by volunteers with 3D printer technology for children with hand and finger deformation and without access to the prosthesis. ENKA Volunteers created a corporate team which is contributing to all processes including the coordination of stages, demand collection, measurement, modelling and design, production with 3D printers, assembly, delivery and control.

After the training they received from the Robotel Turkey Team, volunteers were able to complete their first test model by printing sample hand model from wrist with a 3D printer. Work on a second test model for a hand model from arm prosthesis is in progress. Following the completion of the sample model studies, ENKA Volunteers will carry out work to provide a child who needs hand or finger prosthesis.

#### KINALIADA ENVIRONMENTAL CLEANING PROJECT

On July 20, 2019, ENKA Volunteers from ENKA İnşaat, ENKA Schools and ENKA Systems carried out an environmental cleaning project in Kinalıada within the framework of the ENKA Sustainability Policy in cooperation with the Octopus Volunteers Association. ENKA Volunteers completed an efficient environmental cleaning project by collecting approximately 150 kg of garbage and contributed creating a clean environment in Kinalıada and raising environmental consciousness.

#### HEYBELİADA ENVIRONMENTAL CLEANING PROJECT

Following the great interest attracted by the Environmental Cleaning Project carried out in Kinalıada, ENKA Volunteers carried out a second environmental cleaning project in Heybeliada on September 15, 2019. In addition to the volunteers from ENKA İnşaat, ENKA Schools and ENKA Systems, volunteers from ENKA TC in Moscow also participated in the project. With this activity, ENKA Volunteers collected approximately 450 kg of garbage and delivered to the municipality.

people with visual disabilities but also individuals who are not able to access resources due to other impairments. ENKA Volunteers have been providing support to visually impaired people by taking part in this project and vocalizing the selected books through a mobile application and adding them to GETEM's library archive since May 2019.

#### PLASTIC CAP CAMPAIGN

Since the last quarter of 2019, ENKA has supported the Plastic Cap Campaign started by the Spinal Cord Paralytics Association of Turkey (TOFD). Through this campaign, the entire revenue generated by recycling collected plastic bottle caps is used to provide for the needs of thousands of orthopedically handicapped individuals who are waiting for access to battery-powered and manual wheelchairs.

#### BRIDGE FOR THE VILLAGE

As part of social responsibility within ENKA's ongoing project in the Nizhnekamsk region of Russia, a bridge made of floating pontoons was constructed in Yelantovo village of Nizhnekamsk where 750 people live. The bridge was opened to public use with a ceremony where Mayor of Nizhnekamsk participated. By connecting the creek that divides the village of Yelantovo with the bridge, villagers and children have access to the schools and administrative buildings on the other side in a safer way.

#### AUDIO-BOOK VOCALIZATON PROJECT FOR VISUALLY IMPAIRED

The online library project created by the Boğaziçi University Technology and Education Center for the Visually Impaired People (Boğaziçi Üniversitesi Görme Engelliler Teknoloji ve Eğitim Merkezi - GETEM) aims to provide accessible information to visually impaired people. This project not only helps around 400,000

ENKA POWER

Through the donation campaign carried out by ENKA Power, the materials needed by Aliğa Vocational and Technical Anatolian High School Special Education Class students were provided and delivered to the school with the support of ENKA Power volunteers.

ENKA TC

ENKA TC has been organising various activities in Moscow since 2016 to meet with the directors of the orphanages in the region in order to learn about the general needs of the children and institutions, and to determine the areas in which children will be directly provided with attention and support. Since 2016, various activities with surprise gifts have been organised for the children living in the orphanages regularly on June 1<sup>st</sup> Children’s Day and December 31<sup>st</sup> New Year’s Day. In 2019, ENKA TC and Svyato-Sofiyskiy Social Children’s House decided to sign a Social Assistance Agreement. The responsibility for the provision of most important materials needed by the children was undertaken by ENKA TC through an annual donation and more importantly, a self-sacrificing step has been taken to show that children are not alone in every sense by ensuring the continuity of all activities organised and planned to this day.

As part of its social responsibility activities, ENKA TC has invited two impaired girls and their teachers from the Hagia Sofia Special Children’s Dormitory, which is supported by the Vernadskogo Shopping Centre, to have them undertake various tasks for a day acting as the Shopping Centre Manager. A meeting was organised with the Vernadskogo Shopping Centre Director and children were asked their opinions about the location and design of the telephone charging station units that will be installed within the shopping centre. At the end of the meeting, it was decided that the telephone charging units are to be installed at the location chosen by the children.

As part of the cooperation maintained by ENKA TC and the “Starost v Radost”(Old Age Is a Joy) Foundation, the largest civil society organisation in Russia which helps nursing home residents and provides home-services support to more than 200 households in 30 different regions in Russia, a New Year Gift Collection Campaign was organised on New Year’s Eve. ENKA TC established a platform to collect new year gifts in shopping centres in Moscow and made sure that information about the campaign and addresses of gift collection points were announced on social media. Thanks to visitors who brought gifts from their homes or purchased from the shopping centres, more than 600 nursing home residents were able to receive a new year gifts on New Year’s Eve. In addition, personal hygiene products and household goods were also collected as part of the campaign to be delivered to nursing homes.

CCI

Donations collected by CCI employees for the child protective services were delivered to relevant locations through an activity carried out jointly with ENKA TC. In addition, employees participated in a charity event organised as part of the Information Day, which aimed to help children from low-income households to prepare for the new school year.
