

Int r o d u c i n g **ENKA**

60 years of construction experience worldwide

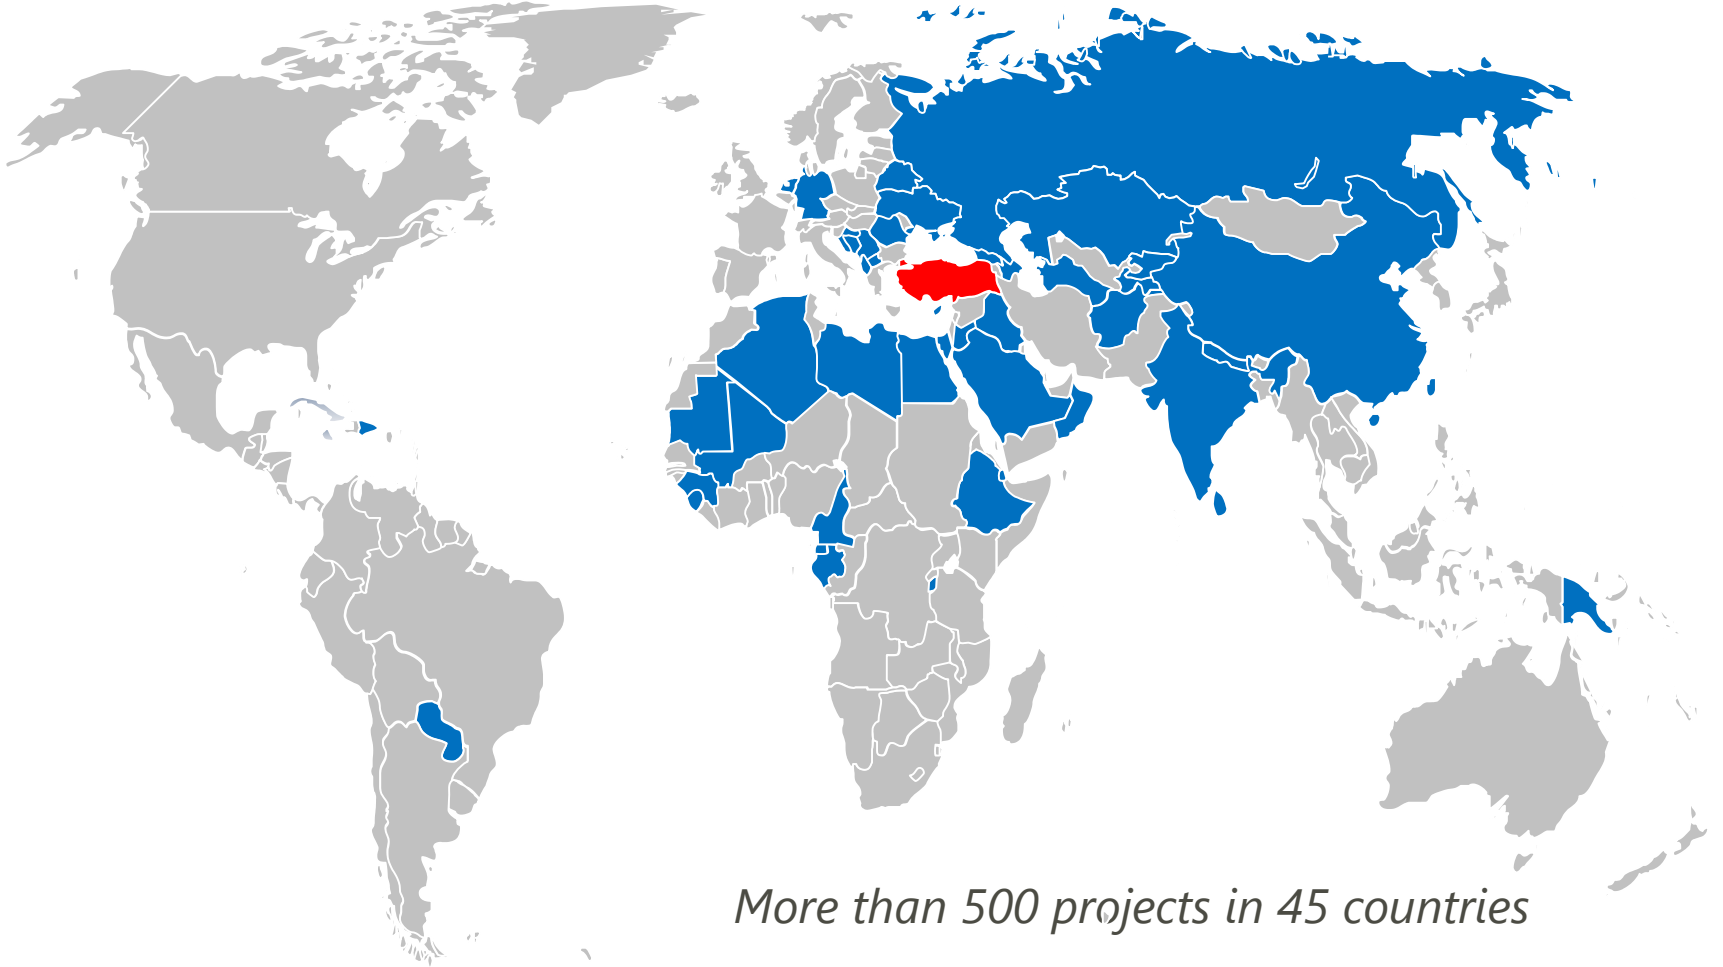

- Successfully completed more than 500 projects in 45 countries, with a historical contract value of US\$ 43 billion
- Employs worldwide around 30,000 people; 10% of which is technical and 6% of which is administrative personnel
- Named one of the world's top contractors by Engineering News-Record (ENR), a leading publication for the engineering and construction industry since 1982
- 2016 Annual Revenue, comprising the revenues of following activities corresponding to USD 3.5 billion:
 - Engineering & Construction
 - Power
 - Real Estate
 - Trade
- Traded publicly in Borsa Istanbul (BIST) with a Market Cap of more than US\$ 7 billion.

- Holds ISO 9001, OHSAS 18001 & ISO 14001 and ASME certificates
- Shares the vision & goals of its customers, adopts to their needs and to local conditions
- More than 50 subsidiaries operating in 6 major geographical areas:

CIS, Asia, Middle East, Europe, Africa and Turkey

Ras Lanuf New Town Project – Libya

Complete final design and turn-key construction of 1,129 villa type housing units. All infrastructure works related with the new town: roads, underpasses, sewage collection system, rain water systems, water supply network, irrigation, electricity and natural gas supply and distribution, telecommunication systems and landscaping. (238,000 m²)

- **Scope** : Lump sum, Turn-key EPC
- **Completion** : May 1985
- **Location** : Ras Lanuf - Libya
- **Client** : Secretariat of Heavy Industries, Brega and Ras Lanuf Higher Committee

Brega New Town Project - Libya

Complete design and turn-key construction of 2,666 villas , 2 schools, 2 supermarkets, 2 clinics, 2 post offices, recreational facilities, 2 service shops, 2 cultural centers (Gross Area: 482,000 m²)

The project included all infrastructure works, landscaping, electrical installations, telecommunication systems, utilities, town gas system and interior furnishing of all buildings.

- **Scope** : Lump sum, Turn-key EPC
- **Completion** : August 1993
- **Location** : Marsa El Brega - Libya
- **Client** : Secretariat of Heavy Industries, Brega and Ras Lanuf Higher Committee

Harawa Town Complex Project - Libya

Construction of 221 one storey farm houses and 7 km long of asphalt road

Construction of fully furnished high quality 59 villas including services buildings, roads and infrastructure in Sirte

Construction of villas, recreation centers, governmental houses, infrastructure works, roads, warehouses, poultry and gazelle farms and maintenance works

Construction of warehouses, office buildings, water reservoir, 2,5 km of pipeline, a family camp of 62 buildings.

- **Scope** : Lump sum, Turn-key EPC
- **Completion** : July 1998
- **Location** : Harawa - Libya
- **Client** : Organization for Development of the Administrative Centers - ODAC

Sirte Bay Hotel & Conference Center - Libya

Turn-key construction of

- 4 hotel buildings each 4 stories
- Single storey Reception Hall for 400 persons.
- A tent to be used as a Conference Hall
- 43 Bungalows comprising administrative office, restaurant, cafeteria, sports center.
- Gross Area: 47,500 m².

Completed in 1989 within **180** days.

- **Scope** : EPC
- **Completion** : July 1989
- **Location** : Sirte - Libya
- **Client** : Secretariat of Heavy Industries, Brega and Ras Lanuf Higher Committee

Mausoleum, Mosque, Museum & Library - Gabon

Construction of the Mausoleum, Mosque, Library and Museum in the memory of Hadji Omar Bongo in his city of birth, Franceville (8,500 m²)

- **Scope** : EPC
- **Completion** : May 2015
- **Location** : Franceville - Gabon
- **Client** : Gabon Republic Cabinet Axial / Agence Nationale des Grands Travaux - ANGT

Presidential Palace - Gabon

Construction of the Presidential Palace including residential building, public building, pool house, guest house, music studio, terraces, etc. in Libreville. (19,000 m²)

- **Scope** : EPC
- **Completion** : October 2015
- **Location** : Libreville - Gabon
- **Client** : Gabon Republic Cabinet
Axial / Agence Nationale des Grands Travaux - ANGT

Conference Center at the City of Democracy – Gabon

Construction of the Conference Center in Libreville with total gross area of 16,000 m²

- **Scope** : EPC
- **Completion** : Suspended
- **Location** : Libreville - Gabon
- **Client** : Gabon Republic Cabinet
Axial / Agence Nationale
des Grands Travaux - ANG T

HIGHLIGHTS

All were Design & Build projects in association with Architects of Record

- Successful implementation of Zero Accident & Rework Policy
- Project Management Team consists of selected individuals from Caddell and ENKA in the US, Turkey and Sites
- Fast mobilization during design process
- Maximization of local resources in execution
- Local Supplies (Cement, Sand, Aggregate, Fill material, Rebar, Fuel, Landscaping material, Timber, Food, Accommodation, Rental Construction Equipment)
- Most economical workforce use assessment by trades for each project
- Contingency plan capability through short notice availability of qualified Turkish workforce
- ENKA as Design, Procurement, Construction Consultant.

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Sirte International Airport - Libya

- **Scope** : Provision and installation works for the construction of residential VIP Building
- **Completion** : August 1986
- **Location** : Sirte - Libya

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Oued Atmania Dam - Algeria

Construction of a zoned earthfill dam with a reservoir capacity of 31.5 hm³ in the city of Mila. The crest has a length of 600 m and height of 44 m.

- **Scope** : EPC
- **Completion** : March 2007
- **Location** : Mila - Algeria
- **Client** : Ministry of Water Resources National Agency of Dams – ANBT

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

OUED ATMANIA WATER TREATMENT PLANT - ALGERIA

Design and construction of the first phase of the water treatment plant with a capacity of 270,000 m³/day. 80,000 m³ capacity treated water reservoir, total concrete 60,000 m³

- **Contractor** : ENKA – Degremont Consortium
- **Completion** : September 2007
- **Location** : Mila / Constantine – Algeria
- **Client** : Ministry of Water Resources - EP Algérienne des Eaux

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Benghazi Water Reservoir - Libya

Turnkey construction and erection of the electro-mechanical equipment of a circular earthfill reservoir with a capacity of 4.7 million m³.

- **Scope** : EPC
- **Completion** : February 1992
- **Location** : Libya
- **Client** : Great Man-Made River Authority

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Derna Desalination Plant - Libya

2 x 20,000 m³/day MED type desalination plant and 10 km water network line on turn-key basis.

- **Scope** : ENKA – SIDEM Consortium
- **Completion** : August 2010
- **Location** : Libya
- **Client** : General Electricity Company of Libya

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Soussa Desalination Plant - Libya

2 x 20,000 m³/day MED type desalination plant on turn-key basis.

- **Scope** : ENKA – SIDEM Consortium
- **Completion** : August 2010
- **Location** : Libya
- **Client** : General Electricity Company of Libya

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Zawia Desalination Plant - Libya

4 x 20,000 m³/day MED type desalination plant on turn-key basis.

- **Scope** : ENKA – SIDEM Consortium
- **Completion** : February 2012
- **Location** : Libya
- **Client** : General Electricity Company of Libya

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Zuara Desalination Plant - Libya

2 x 20,000 m³/day MED type desalination plant on turn-key basis.

- **Scope :** ENKA – SIDEM Consortium
- **Completion:** November 2010
- **Location:** Libya
- **Client :** General Electricity Company of Libya

AIRPORT, DAM, WATER WORKS & DESALINATION PROJECTS

Zawia Potable Water Pipeline - Libya

Supply and erection of over ground carbon steel, epoxy painted water reservoirs

2 x 20,000 m³, 5 x 10,000 m³,
1 x 5,000 m³, 2 x 2,500 m³

DI & HDPE pipe installations, civil and laying, necessary chambers, construction valve chambers, repairing works for road, etc. for water pipeline Zawia-Jadaim-Zahra-Maya-Sabratha-Ajailat.

Total length of pipeline is 142,200 m

- **Scope** : EPC
- **Completion** : June 2011
- **Location** : Libya
- **Client** : General Electricity Company of Libya

CEMENT PLANT PROJECTS

MESSEBO CEMENT FACTORY - ETHIOPIA

The annual capacity of the plant is 600,000 tons and it is capable of producing portland cement with or without additives. The project involved 256,000 m³ of excavation and backfill, 44,000 m³ of concrete, 3,700 tons of structural steel, 3,450 tons of reinforcement, 115,000 m² of form-work, 7,200 tons of mechanical installation and 500 tons of electrical installation. The project was completed on March 2000.

The construction of the cement factory started in January 1997 for the client, «Messebo Building Materials Production Share Company» The plant is located in the northern part of Ethiopia, 7 km from Mekele city.

The project encompassed all civil and structural works, supply and installation of the structural steel, and the entire mechanical erection works. The mechanical equipment was provided by F.L.Smith of Denmark.

ROAD PROJECTS

Tarhuna-Quasbat Road - Libya

Location: Tarhuna, Libya

Client: Ministry of Communication and Roads

Project Description: Construction of a 46 km. long, 15 m. wide highway and related structures.

Construction Period: January 1978 - November 1981

Brega Coastal Road - Libya

Location: Marsa El Brega, Libya

Client: Secretariat of Heavy Industries, Brega and Ras Lanuf Higher Committee

Project Description: Construction of 13 km long, 2 x 3 lanes highway.

Construction Period: December 1991 - July 1993

POWER PLANT PROJECTS

Zwitina Power Plant - Libya

Engineering, procurement, construction, commissioning and start-up of a 2 x 285 MW Simple Cycle Power Generation plant on turn-key basis.

Power island of the plant consists of 2 units Siemens SGT5-PAC 4000F Combustion Turbine Generator sets complete with auxiliary system.

- **Scope:** EPC
- **Completion:** October 2010
- **Location** Zwitina / Libya
- **Client** General Electricity Company of Libya

EXPERIENCE IN AFRICA

POWER PLANT PROJECTS

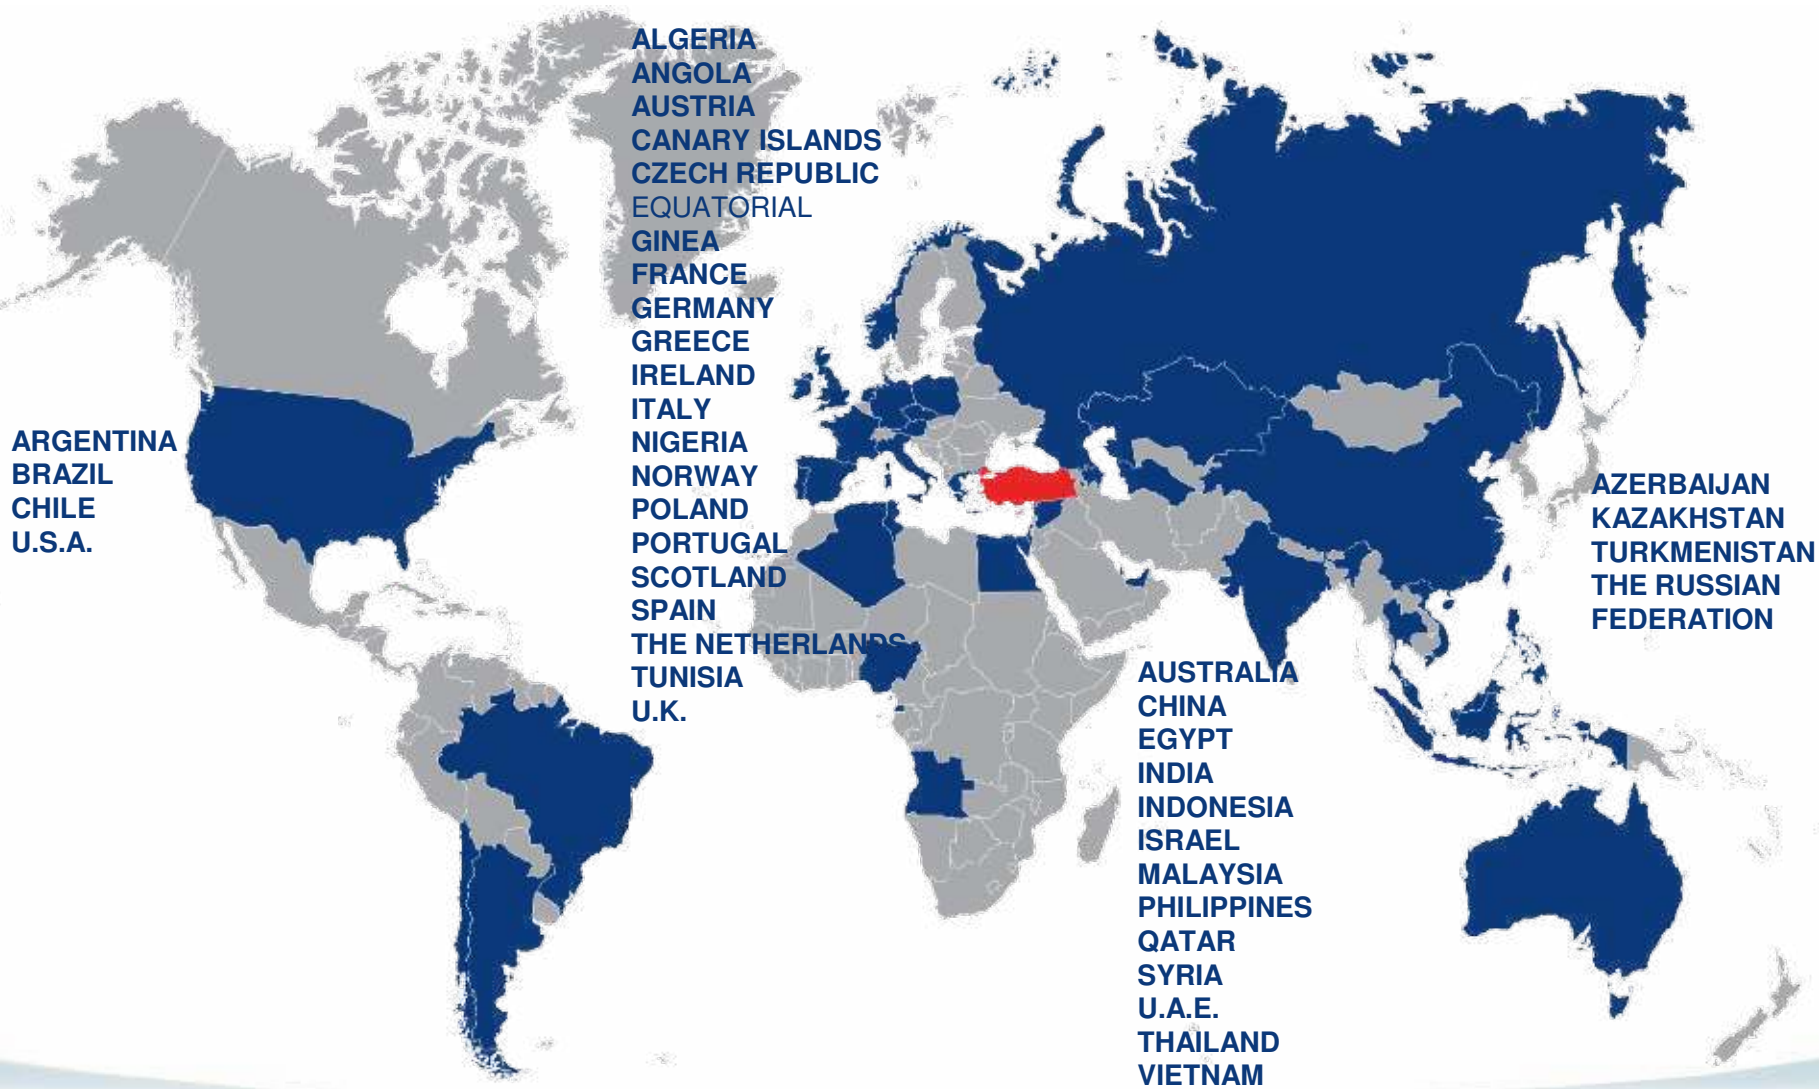

Awbari Power Plant - Libya

Engineering, procurement, construction, commissioning and start-up of a 4 x 160 MW Simple Cycle Power Generation plant on turn-key basis.

Power island of the plant consists of 4 units of Siemens SGT5-PAC 2000E Combustion Turbine + SGen5-100A Generator sets.

- **Scope:** EPC
- **Completion:** July 2014
- **Location:** Awbari / Libya
- **Client:** General Electricity Company of Libya

- A subsidiary of ENKA
- Incorporated in 1973 in Turkey as a local steel fabricator now an EPFI group of 5 companies in Turkey (4), P.R. China (1).
- Three fabrication shops and one module & shipyard located in the Marmara Region, Turkey.
- 3,800 people including 300 engineers
- With activities in:
 - Engineering (structural, pressure vessels, piping, plant engineering)
 - Fabrication (7 fabrication shops, over 210,000 tons/year total capacity)
 - Installation - Structural & Mechanical (domestic and overseas jobsites)
 - Modularization (module and shipyard, 210,000 m², 60,000 DWT)

CIMTAS FABRICATION SCOPE

- Pressure Vessels (up to 1,050 tons unit weight and 200 mm thickness)
- Full Scope Piping (Engineering, Procurement, Fabrication, Induction and Cold Bending, Painting, Packing, Framing)
- Heat Exchangers and Steam Drums
- Structural Steel (Highrisers, Industrial Buildings, Bridges, Cranes)
- Steel Wind Towers and Foundations
- Spherical & Cylindrical Gas & Liquid Storage Tanks
- Heat Recovery Steam Generators
- Air Intakes, Exhaust Ducts, Bypass Stacks
- Modules, Process Skids, Pre-assembled Units (PAU) and Racks (PAR)
